

Communication, Language & Literacy

We will finish reading **High Rise Mystery** by Sharna Jackson and publish our detective narratives.

We will be revising grammar, punctuation and spelling content in preparation for SATs.

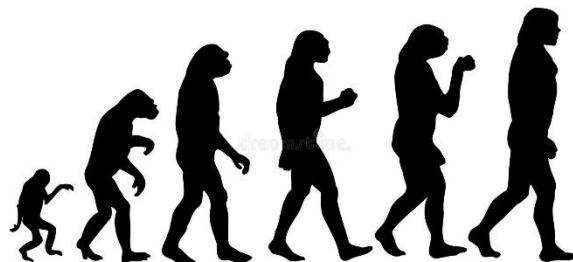

Science & Technology

Evolution and Inheritance

This term we will learn:

- That living things change over time and that fossils provide information about living things that inhabited the Earth millions of years ago
- That living things produce offspring of the same kind, but normally offspring vary and are not identical to their parents
- How animals and plants adapt to suit their environment in different ways and that adaption may lead to evolution

PSHE Relationships

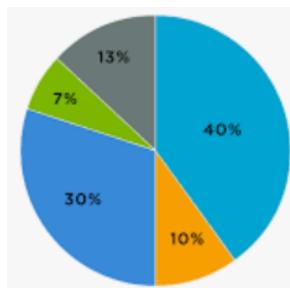

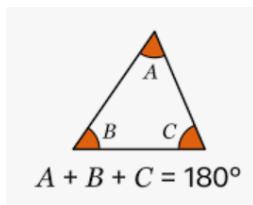

We will learn about:

- The importance of taking care of my mental health
- How to take care of my mental health
- Stages of grief and different types of loss
- How to recognise when people are trying to gain power or control
- Ways to judge whether something online is safe and helpful for me
- Using technology to communicate positively with others

Mathematics

- Shape
- Statistics

Faith & Belief

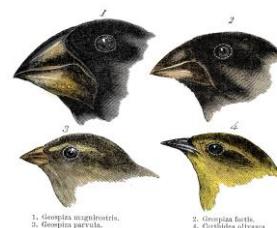

Kingdom of God

We will learn consider:

- Connections between biblical texts and Christian ideas of God
- Connections between Bible texts and what Christians believe about God; for example, through how churches are designed.
- How Christians put their beliefs into practice in worship.
- how biblical ideas and teachings about God as holy and loving might make a difference in the world today

Arts & Creativity

We will explore the illustrations from Darwin's book 'On the origins of species' and explore techniques used to illustrate living things. We will study the artwork of Darwin's artist Conrad Martens.

Physical Development

Athletics

We will be learning about skills and techniques associated with athletics including running jumping and throwing.
